

Senior Data Scientist | ML Engineer | AI Solutions Architect | EY Manager

Phone number: 0782042551 | Contact email: ngoc.huyen.luu@fr.ey.com

Professional Summary

Senior Data Scientist with 7+ years of experience specializing in Machine Learning, Deep Learning, and Data Engineering. Proven track record of designing and deploying end-to-end AI solutions including Generative AI, NLP, ASR/TTS, and recommendation systems in enterprise environments.

Technical Skills: Generative AI • Natural Language Processing • Deep Learning • Computer Vision • Speech Recognition (ASR/TTS) • Recommendation Systems • Data Engineering • Web Scraping • API Development
Domains: Financial & Banking Services • Legal Tech

Experience

SENIOR DATA SCIENTIST | MANAGER | ERNST & YOUNG FRANCE | FEBRUARY 2018 – PRESENT

Financial AI Solutions & Architecture:

- Banking Document Intelligence Platform: Designed comprehensive architecture for multi-format document processing system integrating APIs and UI interfaces. Built end-to-end pipeline handling confidential financial documents through synchronous/asynchronous processing channels with classification, summarization, topic modeling, NER, and Q&A capabilities.
- Financial Entity Extraction Engine: Developed multi-tier approach combining rule-based Python parsers for structured documents, fine-tuned NER models for chat/communication data, and LLM-powered pipelines with RAG techniques for complex unstructured financial documents
- GenAI Transcription Platform: Built end-to-end chatbot solution combining ASR, TTS, and recommendation engine for client-lawyer meetings, automatically extracting key insights and proposing relevant services

Compliance & Risk Management:

- Financial Analysis Server: Designed production server and analysis tools for Accounting Entry Files (FEC) with automated compliance testing and multi-format reporting
- Intelligent Document Anonymization: Developed NLP-based tool for sensitive data protection across multiple formats using custom-trained legal domain models.
- E-reputation Analytics Engine: Created automated web scraping and sentiment analysis system monitoring company reputation across search engines and social platforms

Leadership & Innovation:

- Led R&D initiatives within EY Paris Innovation Lab
- Conducted technical GenAI training programs for teams
- Participated in technical recruitment and talent acquisition

Education

MASTER IN DATA SCIENCE | ECOLE POLYTECHNIQUE | SEPTEMBRE 2017
GENERAL INGENIEUR | ECOLE POLYTECHNIQUE | SEPTEMBRE 2016

Technical Hobby

Kaggle & Hackathon & Data Challenge:

- Finalist of EY Open Data Challenge 2023 (3e/15000) and 2025 (4e/11000).
- Jury & Ambassador of EY Open Data Challenge France 2025.
